Global | Learning
Across
Borders

Global Learning Across Borders™, a non-profit 501(c)(3) based in New York, exists to educate and inspire new generations of young people and adults to become responsible and committed global citizens in their local communities and beyond. We do this through international cultural immersion and community service programs for young adults; global studies professional development programs for educators; partnering with schools to help design and launch experiential global education and service programs; and through global expeditions that offer exceptional cultural experiences for adults.
